

this is it i tell myself  
this is it im letting you go  
this is it i'll accept that its over  
this is it i'll say goodbye  
this is it no more fooling myself  
i'll accept that its over

no point hanging to a sinking boat  
no point holding on to the past  
no point  
no point  
no

i used to live in the past  
but now thats over  
im am here right now and i love life  
i blamed you for everything  
and you were the easy way out  
easy way out  
so 'll will wait here till my heart to  
mends  
i'll wait as long as it takes but my  
heart will mend

no point hanging to a sinking boat  
no point holding on to the past  
no point  
no point  
no

i respect myself now

i respect myself now  
yes i respect myself  
yes i deserve good love  
yes i deserve good love  
and good love will come  
yes good love will come yeah :)

cause there's no point hanging on to a  
sinking boat

im going to swim ashore  
oh im going to swim ashore  
and im going to love my life  
im going to live my life oh

cause there's no point hanging on to a  
sinking boat

no theres no point holding onto a past  
no
