

since that day that you told me  
ive not been the same  
had to face myself  
and things that i must change  
yes i know im on my own  
no one i possess  
so i must grow  
because you have left  
oh my baby's set me free  
oh my babys set me free

going to be happy now  
stop feeling sorry for myself  
oh no more crying on my own  
going to be happy now  
stop feeling sorry for myself

so here i sit and i think will  
i ever see you again  
i hope i do  
will we be friends to the very end oh  
i hope we are  
oh tilly girl i think you had  
the right idea yeah  
cause i was blinded by my love for you  
and yes i know now it had to end

oh my baby set me free  
oh  
going to be happy now  
stop feeling sorry for myself  
oh no more crying on my own  
going to be happy now  
stop feeling sorry for myself
