

wish you would shut your mouth
twisting words out
your driving me away from here
i think you know what i fear
but I'm growing up just as fast as i can
but its not enough not enough
i try try to make you see how i feel
i know i don't have that much appeal
but i wish you would talk about something
else
wish you would talk about something else
but you won't
no you won't

yes you won yes you one
you got the girl
make it stop it
i'll do anything to keep you quiet
so get up off my back
anything to keep you quiet
get up off my back
but you won't

but if not its alright cause i know what
its like
this has happened a million times before
so i'll stand back up and try my luck a
million times more
and i hope she's just round the corner
and i won't give up no no
no i won't

yes you won yes you one
you got the girl

make it stop it
i'll do anything to keep you quiet
so get up off my back
anything to keep you quiet
get up off my back
but you won't

and i thought you were a friend of mine
but you keep rubbing it in my friend
no no no friend of mine
it hurt mans so just leave alone leave me
alone
no no no friend of mine
