

my baby found someone else
my baby found someone else
my baby found someone else
and i think i like it yeah

cause now she's left me on my own
no she won't bother me any more
she's found another lover
now she'll teach him how to suffer
she'll take him
she'll break him
oh the poor little thing

now he's done me a favour
and got her out of my hair

my baby found someone else
my baby found someone else
my baby found someone else
and i think i like it

does that make me a swinger
haha yes im sure
that means i want to see it
get it fucking rammed
so hard up her ass yeah
she's just like her mother
yes she's always changing loves
she can't keep a man for to long

my baby found someone else
my baby found someone else
my baby found someone else
and i think i like it yeah

and yes i know im bitter
but i can not help myself
but she's good
i just want her all for myself
my baby aah shit
