

i dont think ive got thru to you yet but  
you've got to forget  
cause we 're going no where  
so how can i set you free  
when ive tried everything well nearly  
your perfect  
so i must be crazy  
letting you go  
just makes me hate me

so dont you love me  
cause i dont love you  
and i never did  
so dont you love me  
cause i dont love you  
and i never did  
i never did no

and im not sure  
i now what im sayin  
but i keep refusing to face that  
its over  
and the only reason i call you up  
on my own and im lonely  
so dont you wait for me  
no dont you wait for me  
cause i can not give you what you want
